HDS Securities

Developing all business opportunities through quality and service

HDS Securities Contracts Ltd is a professional security and passenger support services provider specialising in the maritime, cruise terminal, logistics, and transport sectors across London and the South East. The company delivers fully compliant security and operational support services tailored to high-profile ports, passenger terminals, and commercial facilities.

HDS Securities provides SPS-compliant security services for passenger terminals, baggage handling operations, and ground crew activities. In addition to manned guarding and security supervision, the company supplies highly trained passenger guides, concierge personnel, check-in and booking staff, and passenger assistance support teams to ensure safe, efficient, and professional customer experiences within busy transport and cruise environments.

Operating to the highest industry standards, HDS Securities works in full compliance with BS7499 and BS7858 British Standards and is regularly inspected by the Inspectorate of the Security Industry. The company also holds ISO 9001:2015 accreditation for the provision of manned guarding and security supervision services, demonstrating its commitment to quality management, operational excellence, and continuous improvement.

With a philosophy centred on “A Promise of Professionalism,” HDS Securities is dedicated to delivering dependable, client-focused solutions and maintaining the highest levels of service throughout every contract. The company has built long-standing relationships with major organisations including the Port of Tilbury, London International Cruise Terminal, Greenwich and Tower Pier cruise terminals, P&O Ferries, Ambassador Cruises, UK Border Force, Thames Clippers, Hyundai UK Ltd, and several logistics, maritime, and facilities management organisations.

Through experienced personnel, strict compliance standards, and a strong customer service culture, HDS Securities continues to provide trusted security and passenger support services to some of the UK’s most recognised transport and maritime operators.
