

Cowes welcomes Europa and Seabourn Quest to 'England in miniature'

Boutique destination and gem of the UK South Coast, Cowes on the Isle of Wight, has welcomed two more cruise ships this month, the *Europa*, and *Seabourn Quest*. Cowes Harbour Commission held a traditional plaque exchange onboard *Seabourn Quest* to welcome the ship, Captain Joost Eldering and all the passengers and crew on their inaugural visit to Cowes.

Cruise visitors disembarked at Trinity Landing, next to Henry VIII's Cowes Castle, home to the prestigious Royal Yacht Squadron and in the heart of Cowes. Passengers enjoyed unique destination experiences including a "royalty, yacht racing and rigging" walking tour of Cowes, an exhilarating RIB ride to The Needles, a bicycle exploration of Victorian history in Cowes and East Cowes, a lecture tour at Osborne House, visit to Ventnor Botanic Gardens, Carisbrooke Castle, golf at Freshwater, an expert tour at Mottistone Gardens, a chauffeur-driven panoramic tour in vintage cars, and other bespoke trips on the Island that's known as "England in miniature".
