Dover hosts 11 calls in June under the White Cliffs

Saga Cruises dominated the historic Western Docks on 5 June with ‘Saga Sapphire’ and ‘Saga Pearl II’ berthed together. They then went on to make further calls at Dover during the month.

The magnificent Crystal Cruises ‘Crystal Serenity’ and Princess Cruises ‘Pacific Princess’ were welcomed in Dover on their maiden calls of the season this month.

Combining the high standards of modern cruising with the romanticism of a tall ship, Dover Cruise was also delighted to welcome Sea Cloud Cruises majestic windjammer ‘Sea Cloud II’.

Also visiting Dover in June were Fred Olson Cruise Lines ‘Boudicca’ calling twice and Costa Cruises ‘Costa Pacifica’.

Port of Dover Head of Cruise, Sonia Limbrick said: “June has been another successful month at Dover Cruise and I would like to thank all of the Cruise Lines that visited us this month for their continued support. I look forward to seeing them here in Dover Cruise again soon.”
