SeaDream sails into heart of London

SeaDream Yacht Club's SeaDream II made its maiden call in central London this week, sailing up the Thames past Tower Bridge before docking alongside HMS Belfast.

The 112-guest yacht will remain in London until 24 May when it starts SeaDream Yacht Club's Norway and Northern Europe season. It begins with a seven-night Scandinavia and The Kiel Canal voyage to Oslo.

While in London, SeaDream II will host VIPs, media and trade partners at exclusive on-board events.
